ITMG 100 Information systems	CIS 70A	CIS 101	CS 1	CIM 1

****Statistics courses *must be taken at USD*. We do not recommend students take this course in advance at a community college.**

****It is recommended that Business Law will no longer be taken at community colleges as it is an upper division course at USD and the student would only receive lower division credit. Therefore, the student would potentially impair their Business School requirements.**

*****NO on-line courses of any kind will be accepted at USD.**

Revised fall 2008 – Brooke Harrington, School of Business Administration
