*ViaSat produces innovative satellite and other wireless communication products that enable fast, secure, and efficient communications to any location. They bring today's new communications applications to people out of reach of terrestrial networks, in both commercial and government markets. Founded in 1986 by three former employees of Linkabit Corporation in San Diego, ViaSat's corporate office is located in Carlsbad, California. For more information on the company, please visit their website at [www.viasat.com](http://www.viasat.com).*

- ◆ *Learn about ViaSat's supply chain operations and job opportunities*
- ◆ *Hear about SCMA's fall plans and ways you can be involved*
