We Are the Ones: Student Strategies for Community Organizing

These were the results of Dr. May Fu's workshop on October 9th, 2008, which were a part of USD's Social Issue Conference.

All members of the USD community are encouraged to reflect and utilize these ideas as a starting point for building student engagement for campus issues related to inclusion and diversity.

The "major issues" and "resources/actions" categories are the most revealing and the best place to begin this conversation.
