

USDinDC

Dear Friends,

Please consider joining *USDinDC*. This group is open to USD alumni (and graduating seniors planning on) living in the Washington DC metro area. The main function of this list is to share information primarily about job/ internship opportunities. Other relevant information (ex: housing) may be shared as well. Also, jobs in state government or campaign work not located in DC are encouraged to be shared on this list. This group is non-partisan. Posting for jobs affiliated with all political parties, ideologies, and non-profit organizations are welcome.

Lists like this work the best (for you and your fellow alumni) if everyone contributes. All USD alumni are encouraged to join and post to the list. As a member, you can choose (in the options panel) whether you want to receive an email for every post, a daily digest (one email a day with all post), or a weekly digest (one email a week with all post). At this point, this is NOT an official operation of the University of San Diego. I am currently working with Alumni Affairs, the Political Science Department, and university administration to help get the list better circulated. In the meantime, please invite all USD alumni you know and use the list appropriately so we can help our fellow Toreros.

If you are interested in being invited to join the group, please contact your current or former advisor about the option.

Thank you!

Rhett Buttle (2007)

Here is the official group's description:

This group is open to USD alumni living in the Washington DC metro area. Graduating seniors planning to come to DC area also welcome. The main function of this list is to share information primarily about job/internship opportunities. However, other relevant information (ex: housing) may be shared.
