

New Faculty Directory 2011-2012

Dear Colleagues,

It is with great pleasure and pride that we welcome 25 new full-time faculty to the University of San Diego this year. These accomplished educators and scholars will play an important future role, alongside the colleagues who attracted them, in advancing USD's academic reputation.

I invite all members of the USD community to become acquainted with the rich and varied expertise of our new colleagues. Undoubtedly, many of you will discover common interests and background and, in some cases, potential possibilities for interdisciplinary teaching and research collaboration.

Please join me in welcoming and supporting our new faculty as they launch, or continue, their academic careers at USD.

Best wishes,

Julie H. Sullivan, PhD
Executive Vice President and Provost
