

FAMILY BUSINESS SUCCESSION

Avoiding Traps and Turning Plans into Action

Wednesday, April 29, 2009 from 5-7:30 p.m.
Manchester Executive Conference Center

Get a leg up on finding the 'success' in succession for your family's business. Veteran family business consultant and author Ernie Doud will share the lessons he has learned in 30 years of working with family businesses to help you:

- Learn how to spot the traps that have made successful succession an elusive goal for so many family businesses
- Successfully implement the plans you have made to take you, your family and your business into the future you want

With the help of penetrating questions posed by Barry Graff of Family Business Dynamics, Ernie's presentation is intended to help you learn from and avoid the mistakes that have spoiled the best laid succession plans of hundreds of family businesses. Ernie is a co-founder and president of Doud Hausner & Associates, consultants to family enterprises in transition with offices in Glendale and San Diego.

Interested in attending the program for the first time as our guest? RSVP to Julia Chemers: juliarose@sandiego.edu or (619) 260-7699
