      i. AXE Body Spray is sponsoring the shirts and we can create shirts cheaper
      ii. Due to potentially problems with the administration, we worked to try combining
         the two shirts together and trying to keep it simple
      iii. Phi Kappa Theta: Creating a slogan might still be too wordy
      iv. Beta Theta Pi: Not many freshmen know what IFC. Need include somewhere
         that says Greek.
      v. President: GREEK on the front. Chapters on the back

VII. New Business
a. SATA Sanctions
   i. Sigma Phi Epsilon: Why the GDB create the sanctions and not the SATA Board of the Directors?
   ii. Lambda Chi Alpha: Why were the sanctions retroactive?
   iii. Lambda Chi Alpha: Whoever was also available and certified for GDB were there
   iv. President: I understand why they want to include participation, but we understand that the sanctions are very strict
   v. Phi Kappa Theta: Mandy said to us that if one person doesn’t show up, it didn’t matter. Why now is it so strict?
   vi. President: There is also inability to replace members, but it’s becomes hard because dead hours are very over-programmed.
   vii. Sigma Phi Epsilon: Is there any potential incentive program?
   viii. Programming: Why doesn’t IFC and Panhellenic approve the sanctions?
   ix. President: I have to look to see how this actually works.
   x. Phi Kappa Theta: Sanctions were just listed in an e-mail. They were not professionally done. Not officially done.
   xi. Sigma Phi Epsilon: What is the purpose of GDB?
   xii. President: The students are trained and are reasonable members to try to be a student run judicial board.
   xiii. Beta Theta Pi: Not putting faith in the process. SATA is not being true to what it was purposed. The sanctions uncut the way SATA is supposed to work
   xiv. Secretary/Treasurer: Every chapter has a representative in GDB.
   xv. Beta Theta Pi: GDB shouldn’t have made the decision. The Board of Directors should of made the decision because they understand the situation a lot closer.
   xvi. Delta Tau Delta: Either way, if the BOD had created them, we would be angry either way.
   xvii. Beta Theta Pi: GDB was supposed uphold laws and not create laws.
   xviii. Phi Kappa Theta: We should try to compromise with GDB to allow more representation within the discussion.
   xix. President: President should figure out what is a potentially reasonable.
   xx. Advisor: Would being able to substitute create a better situation?
   xxi. Phi Kappa Theta: It would make it better, but I think there are still problems.
   xxii. President: When monetary issues are being brought up, there should be more cautious. I will talk to Mandy more on regarding this situation
