      v. New Member Education
         1. A One Day, Six Hour program to help new members have a better understanding of Greek Life, in regards to hazing and substance abuse
         2. Phi Kappa Theta: How is it different than the New Member Induction?
         3. Programming: New Member Induction is more of a ceremony rather than an educational program.
         4. Beta Theta Pi: I would be more in favor of doing a one day retreat rather than a multiple day event.
         5. Phi Kappa Theta: Maybe even more than just new members if there are supposed to be change in the whole chapter.
         6. Programming: We will try logistically do it with Panhellenic new members.
         7. Phi Kappa Theta: This program might be too overbearing for the new members.
         8. Phi Kappa Theta: It should be more planned and thought out.
         9. Beta Theta Pi: Do a trial run next semester so we can compare it with SATA.
        10. Secretary/Treasurer: We should motion to look into it.
        11. Phi Kappa Theta: I don’t understand why we would motion to for no information.
   b. VP Programming – Ducote Contreras
      i. N/A
   c. VP Membership – Preston Faggella

VI. Old Business
VII. New Business
   a. Events Feedback
      i. Winter Informational
         1. Phi Kappa Theta: Thought it was very helpful
         2. Sigma Phi Epsilon: Get to know them well
         3. Delta Tau Delta: Lets them think about it and let the idea settle in over Winter Break
         4. Membership: About 80 people showed up
      ii. Most Athletic Fraternity
         1. Congrats to Delta Tau Delta for winning
         2. Lambda Chi Alpha: Should be in the spring for more participation and better organization
         3. Beta Theta Pi: Inclusion of more sports
         4. Beta Theta Pi: Doesn’t matter if there are more sports, due the constant logistic problems
         5. Phi Kappa Theta: Maybe one sports a week, and a more accurate assessment of the competition.
      iii. SATA/Town Hall
         1. Sigma Phi Epsilon: There was isolation for the fraternity.
         2. Beta Theta Pi: He did a better job of doing it, and didn’t single out a fraternity. It’s just a very touchy subject. Wasn’t appropriate facilitating.
         3. Phi Kappa Theta: Pretty much agreed that no one believed in the activity. If we want to make it more student run.
         4. Lambda Chi Alpha: How is SATA going to be run next semester?
5. Programming: We found that SATA doesn’t have the appeal it should have, and that is why there is idea for a New Member Program. They are going to review it.
6. Membership: Phasing out of a group discussion to more a speaker base potentially.
7. Delta Tau Delta: I think Mandy went about it wrong way. But I do also think that she got a lot of unnecessary hostility.
8. Phi Kappa Theta: What is IFC’s role in Greek Life? It seems like other we are basing our decisions on everyone else rather than on our views.
9. Beta Theta Pi: It’s hard because we don’t understand everyone else chapter’s cultures. We are all very different. I like it better when its speaker driven.
10. Phi Kappa Theta: We should be able to talk about Greek Life issues in an open forum. We deal with problems differently than other organizations, and come to conclusions ourselves.
11. Phi Kappa Theta: I think the presidents need to come together and figure out a strategic goal, be on the same page, same agenda. For the meetings, I like the group discussions. Pair up like fraternities/sororities, so people can bring more productive things from these meetings and bring it back to the chapters. Mandy should not lead the town hall meeting because she just gets attacked. Everyone goes in angry, and leaves angrier.
12. Secretary/Treasurer: Allow the rest of your chapter to know that the administration is transparent. Allow Mandy to come to your chapter.
13. Delta Tau Delta: We should have our own town hall. And tell the administrations by our conclusions.
14. Delta Tau Delta: It should be in smaller group to learn certain things like risk management.
15. Programming: It’s nice to have a forum to talk about it. We might be apprehensive to talk about things in front of administration/advisers.
16. Beta Theta Pi: I like the idea of being more selective in being in the town hall meeting. Every chapter has members who are out of sync, and doesn’t help the town hall. I don’t think the fraternities don’t necessarily trust each other, that some people might mention things to Mandy.
17. Delta Tau Delta: Have the president gets together to foster relationships. To have a strong idea and goal coming into IFC meeting.
