

Prescription Assistance Programs

Students without any health insurance or with insurance that does not cover prescriptions may be eligible for a prescription assistance program.

To find out if you might be eligible, follow the instructions below:

1. Go to needymeds.com
2. Look in the left hand column and click on “Brand Name Drugs”
3. Scroll down to find your prescribed medication and click on it
4. If there is an application form for your medicine, print it and fill it out completely
5. Make an appointment at the USD Student Health Center 619-260-4595 for a prescription assistance program assessment
6. Bring in all of your paperwork to the appointment to have a provider review
