Reminder: Required Immunizations and Class Registration

Welcome to the University of San Diego. The University is committed to protecting the health and well-being of all our students.

A letter listing the required vaccinations and health screenings, as well as the form, was sent to new students in Admissions packets. Students who have not yet submitted this form should do so as soon as possible to be eligible to register for fall classes. The form is available on-line at: [www.sandiego.edu/healthcenter/immunizations](http://www.sandiego.edu/healthcenter/immunizations).

If you have already submitted your form please check your registration status on the MySanDiego Portal to verify that your Health Center hold has been removed. If you have questions concerning your immunization records and/or a Health Center registration hold, please have your records available before calling the Health Center.

Sincerely,

Kimberly Woodruff, M.D., Supervising Physician  
Student Health Center
