

Two Churches, One Marriage

Developing a Religious and Spiritual Bond

Application

1. Based on the inventory of items at the beginning of the unit, identify one or two ways that you and your partner can strengthen your religious or spiritual bond. Together, develop a plan on how you propose to strengthen your bond in these one or two areas. Practice the communication and problem-solving skills as necessary to develop the plan.
2. Share with partner your relationship with God and how you feel this influences your prayer life. Also, discuss with one another how you would enjoy praying together as a couple. What methods or techniques would you use? When is the best time for you to pray as a together?
