3. Using Your Clicker in the Classroom

Common Functions

- **Power** – Press 'PWR/JOIN.' Your serial number is also displayed when the unit powers on (serial numbers begin with r1...).
- **Join** – The response pads automatically search for a class roster to join whenever you power on the pad.
- **Manually Join** – Should the device not join automatically, turn on the response pad and press 'PWR/JOIN' twice. *Join:* appears on the LCD screen. Type in the channel number for the class roster you would like to join (ask your instructor for this), and press 'Send.'
- **Use Negative Numbers** – press the '+' or '-' buttons.
- **Enter Equations** – use the 'Sym' button to enter the following: X, Y, =, (), . (decimal), +, -, /, *, (space).
- **View Response Pad Info** – Pressing the '<' button displays the pad type, channel, roster number, firmware version.
- **Adjust LCD Screen Contrast** – Press the '>' button. Use the A1 button to decrease and the C3 button to increase the contrast.
