PATRON SUGGESTION

January 2, 2008

Will the renovation of the 2nd floor Reading Room 2R include the

— Conversion of the former COPY ROOM into another group study room.

Surely there can be found a place on campus to store extra furniture such as :

— A utility room in a parking structure

— The basement of Maher Hall

The lack of a window does not matter since electric lighting would suffice. Also, many offices do not have windows.

LIBRARY RESPONSE

We began using the room in question for storage while it was still being used as a copy room, because no other storage space was available to us on campus. We have checked back with Facilities and with the law school, and there is still no other storage space available to us.
