## Office of the Provost

### Phased Retirement Deadline

Anyone interested in the Phased Retirement option beginning in 2001-2002 must apply by March 31, 2000. Please refer to your *Policies and Procedures Handbook* for the procedures.

### Special Sessions Study Abroad

Last year, the Provost formed a committee to determine how best to keep all pertinent offices informed of study abroad courses being offered during special sessions. Students were routinely seeking information from the Financial Aid Office, the Bursar, the Registrar, and the Special Sessions Office about courses that these offices did not know existed.

The form attached at the back of these *Newsnotes* should be completed and sent to the Assistant Provost for each Summer or Intersession course proposed by the deadlines stated on the form (December 15 for Summer Session). The Special Sessions Study Abroad Committee will meet periodically to review the proposals and decide if any further information is needed. Please duplicate the form as needed.

Some things to remember when planning a course abroad: students should sign a release form (samples available from Martha Ponce in the Study Abroad/Guadalajara Office), and, especially for undergraduates, there should be information and instructions available for parents.

Thought should be given to immunization requirements, advisor approval for enrollment, emergency plans, special needs of students (medical, learning disability, physical disability), and proper documents for travel.

If you have any questions or suggestions, please call Debbie Gough at ext. 4554.

## Civil Rights Compliance Officers

## Varia

**Christopher Adler**, Department of Fine Arts, premiered two new musical compositions at the Society for Ethnomusicology Annual Conference in Austin, TX, on November 19. The two compositions, "Telemetry Lock" for solo khaen (Northeast Thai/Lao mouth organ) and "Three Body Problem" for khaen and cello, were performed as part of a joint presentation "Asian Western Hybridity in Art Music Composition" with cellist Dr. Jonathan Kramer of North Carolina State University.

Dr. Adler also premiered a new untitled improvisation and performed "Telemetry Lock" at Sushi in San Diego on November 21.

**Viviana Alexandrowicz**, School of Education, presented a paper at the Association for Mexican American Educators Conference held in San Diego, November 12. She shared a panel presentation entitled "Cultural Democracy: Issues and conditions impacting K to higher education students" with Alberto Ochoa, Jill Kerper Mora, and Evangelina Jones, all from SDSU.

Dr. Alexandrowicz also presented at the Sixteen World Association for Case Method Research and Application Conference in Caceres, Spain last summer. Her paper "Community Service Learning as a Springboard for Student Constructed Case Studies from Culturally Diverse Settings" will be highlighted in the *European Management Journal*.

In the spring, Dr. Alexandrowicz presented the paper "El futuro del bilinguismo en California: Hay esperanzas?" ("The future of bilingualism in California: Is there any hope?") at the International Reading Association Annual Conference.

**Kathleen Collins**, School of Education, presented a paper written with Nancy Marano and Dr. Annemarie Palincsar of the University of Michigan entitled "Collaborative use of case research to design supportive classroom instruction" at the International Conference on Learning Disabilities (ICLD), in Minneapolis, MN, in October.

In addition, Dr. Collins collaborated with Dr. Roberta Herter of Cal Poly and Dr. Caroline Taylor Clark of The Ohio State University, to conduct a roundtable conversation of their work "Teacher conversations: Enhancing teaching through reflective practices" at the November meeting of the National Council of Teachers of English (NCTE) in Denver, CO.

**Alana Cordy-Collins**, Department of Anthropology, accomplished the following in 1999:

In January, she did research and manuscript preparation, "Black Lava, White Coral: Rock Writing of the Kona Coast, Hawaii," Hawaii.

In February, Dr. Cordy-Collins presented a paper entitled, "The Labretted Ladies: Foreign Women in Northern Moche and Lambayeque Art" in the symposium *Moche: Art and Political Representation in Ancient Peru* at the Center for the Advanced Study in the Visual Arts, National Gallery of Art in Washington, D.C. She was a lecturer, "Batman: A New Moche Tomb," at the San Diego Museum of Man and a discussant, *Long Distance Contacts In A Pre-Columbian World*, Roundtable Meeting, Dumbarton Oaks Research Library and Collection, Washington, D.C.

---

In March, Dr. Cordy-Collins was an attendee at *Indian Market*, The Heard Museum in Phoenix, and a lecturer, “Rambo: Discovery of a Moche Giant,” at the Institute for Nautical Archaeology, Texas A & M University, College Station.

In April, Dr. Cordy-Collins was an attendee, *Conversations in Culture: A Southwest Indian Colloquium*, at the San Diego Museum of Man.

In May, she authored, “La Sacerdotisa y la Ostra: ¿Queda Resuelto el Enigma del Spondylus?” In *El Spondylus: Símbolo de la Nueva Paz entre el Perú y el Ecuador*, Museo Rafael Larco Herrera y Telefónica del Perú, Lima.

In May-June, Dr. Cordy-Collins was a laboratory osteologist and field archaeologist: *Proyecto Choquepukio*, Cuzco.

In July-August, she was a laboratory osteologist and field archaeologist: *Proyecto Dos Cabezas*, Jequetepeque (Perú).

In August, Dr. Cordy-Collins presented a paper, “El Mundo Moche al Empezar el Siglo Octavo: Transiciones e Influencias,” in *II Coloquio de Arqueología Sobre la Cultura Moche*, Museo de Arqueología, Antropología, e Historia, Trujillo.

In October, Dr. Cordy-Collins was the co-coordinator (with Dr. Joseph Nalven, School of Law) of Cultural Competency Grant: USD and the Indians: “Zuni Cooking and Etiquette,” USD. She was Museologist: *Proyecto “Museo Comunitario Mulegé,”* Mulegé, Baja California Sur. Dr. Cordy-Collins also attended a conference entitled *Clovis and Beyond* in Santa Fe.

In November, Dr. Cordy-Collins was a conference attendee at the *Rock Art Symposium*, San Diego Museum of Man, and the co-coordinator (with Dr. Joseph Nalven, School of Law) of Cultural Competency Grant: *USD and the Indians: “Southwest Indian Jewelry: Real vs. Fake,”* USD. She also attended *Rock Art Research in the Granite Mountains*, Mojave Desert, CA.

In December, Dr. Cordy-Collins was the co-coordinator (with Dr. Joseph Nalven, School of Law) of Cultural Competency Grant: *USD and the Indians: “Silversmithing and Domestic Issues in the Northern Pueblos of New Mexico,”* USD. She authored “Telas Chavines” in *Tejidos Milenarios*, José Antonio de Lavalle y Rosario de Lavalle, eds., Banco de Crédito del Perú, Lima. She also participated in *San Carlos Revisited*, Baja California Norte.

**Iris Engstrand**, Department of History, was honored by induction into the Orange Coast College Alumni Hall of Fame on November 4.

**Larry Hinman’s**, Department of Philosophy, op-ed piece, “Download Your Workload, Offload Your Integrity,” appeared in the Los Angeles Times on November 15. The article grew out of a presentation he did in October at the 9th annual meeting of the Center for Academic Integrity at Duke University. The article was reprinted in newspapers in Fresno, San Jose, Salt Lake City, Syracuse, Charlotte, West LaFayette, and Hanover.

*Ethics Updates* (<http://ethics.acusd.edu>), Dr. Hinman’s ethics site on the World Wide Web, was chosen as the only five star, “Best of the Web,” site on ethics by the Encyclopedia Britannica. The next closest site received a two-star rating. Dr. Hinman’s site receives over 4,000 visitors a day.

**Bob Infantino**, School of Education, was recently elected as an at-large Member of the Board of the Conference on English Leadership, an affiliated group of the National Council of Teachers of English. He will serve a three-year term.

Dr. Infantino presented a workshop at the annual meeting of the Conference on English Leadership on November 22 in Denver. The topic: Hiring our Colleagues and Successors: a Case Study - the moral and ethical challenges for leaders.

**Tim Kelley, Loren Margheim, and Diane Pattison**, all of the School of Business Administration, published an article entitled, “Survey on the Differential Effects of Time Deadline Versus Time Budget Pressures on Auditors” in the Fall, 1999, issue of the *Journal of Applied Business Research*, Volume 15, Number 4, pp. 117–128.

---

**Michael Stephen Morse** (now esquire), Department of Engineering, is proud to report that he has passed the California Bar on his first try. His immediate plans are to now return to his life as an academic and to perhaps seek ways to infuse his legal learnings into both his scholarly and academic endeavors. Dr. Morse reports that his primary areas of interest include the impact of litigation on technological advancement and also prevention of systemic discrimination in the academic environment. Both are areas in which he has had first hand and extensive experience.

**James Perry** and **Gary Schneider**, School of Business Administration, published a book entitled *Electronic Commerce* (Course Technology).

**Steven Schoenherr**, Department of History, has placed recent history department news on the history Web page - one of the first and most complete at USD.

Dr. Schoenherr's essay "Charles Sumner Tainter and the Graphophone" that resulted from research at the Smithsonian Museum of American History is published on the Web at <http://ac.acusd.edu/History/recording/graphophone.html>.

**Daniel Sheehan**, Department of Physics, and **John Glick**, Department of Math and Computer Science, recently had accepted to the journal *Physica Scripta* a manuscript entitled, "Gravitationally-induced, dynamically maintained, steady-state pressure gradients." This continues a long-term inquiry into the absolute nature of the second law of thermodynamics and into the open-minded nature of scientists. (As far as we can tell, it isn't and they aren't)

**Mary M. Williams**, School of Education, recently published an article entitled, "Developing Responsible Citizens: Moral Development and Character Education" that will appear in the spring issue of the *Journal of Humanistic Counseling, Education, and Development*.

Dr. Williams was editor and author of "Character Education: The Foundation for Teacher Education," the Report of the Association of Teacher Educators' National Commission on Character Education, that was published by the Character Education Partnership (Fall, 1999).

**Barbara Withers**, School of Business Administration, presented her paper entitled "The Effects of ISO 9000 Registration and Total Quality Management Practices on Organizational Performance: An Empirical Study" at the Decision Science Institute annual meeting (November 20-23) in New Orleans, LA. The paper, co-authored with S. Bruce Han, Maling Ebrahimpour, and Shaw K. Chen, was published in the conference proceedings.

**Mark Woods**, Department of Philosophy, co-presented the paper "Strangers in a Strange Land: The Problem of Exotic Species" with Dr. Paul Veatch Moriarty from Longwood College (Virginia) at The Practice of Restoring Native Ecosystems National Conference at the Arbor Day Farm in Nebraska City, Nebraska, on November 8.

Dr. Woods also presented "Are American Wilderness Areas Counterfeit Wilderness?" at Wilderness Horizons: An Interdisciplinary Conference at the Sigurd Olson Institute at Northland College in Ashland, Wisconsin, on September 25.

Dr. Woods gave the Keynote Address, "Wilderness Philosophy: The Past, Present, and Future," at the United States Forest Service's Northern and Intermountain Region's Wilderness Ranger Rendezvous in Cliff Lake, Montana, on August 16.

# *Funding Opportunities*

## *Office of Sponsored Programs*

January, 2000

This publication includes a sampling of funding opportunities and deadlines for USD faculty, staff, and students; deadline dates range primarily from February 2, 2000 through June 15, 2000. It is advisable to contact the Office of Sponsored Programs to obtain all available information, guidelines (and/or application materials), or to seek proposal and/or budgetary development assistance.

Our staff is here to help you!

Linda W. Patton, Director  
Jackie White, Program Coordinator  
Oscar Caso, Executive Assistant

E-mail: pattonl@is.acusd.edu  
E-mail: whitej@is.acusd.edu  
E-mail: casoo@is.acusd.edu

We can be reached by phone at ext. 6825, by fax at 260-2225, or via e-mail as listed above. We look forward to hearing from you.

### *Funding Opportunities*

The Funding Opportunities List is organized by College/School and contains several important pieces of information, inclusive of the funding source and a reference number which is our internal code to access additional information if you wish to learn more about a particular entry. Additionally, a program/proposal title is provided along with a brief description of the funding opportunity and range of funds, if available. You will find that a few entries do not have a telephone number listed. Generally, in this case, the funding agency has asked not to receive telephone calls and would prefer that you e-mail or write to them directly. For additional information about the sponsor we have included Web site addresses whenever possible.

We welcome your comments and hope this provides the information you need about upcoming academic funding opportunities.

Please order funding application materials by using the attached Researcher Response Sheet.

If you have any questions or need additional information, please contact Jackie White at ext. 6825 or e-mail whitej@is.acusd.edu.

#### **A Special Note for Budget Preparation**

The fringe benefit rate for full-time, benefit-based employees is 27.7% (26.7% for federal agency applications) and 6.7% (6.2% for federal agency applications) for part-time, non-benefit-based employees and students. USD's standard facilities and administrative (indirect) costs rate is 51.7% of salaries and wages.

## College of Arts and Sciences Funding Opportunities

1. 00015

Parke-Davis

Deadline: March 1, 2000

A Focus on the Science

Phone: (212) 308-1191

The mission of the program is to support outstanding investigators at the early stages of their careers in academic research. The program will support research into basic mechanisms of disease that may broadly involve: Lipid metabolism and/or vascular biology, HMG-CoA reductase pathways or novel effects of statins. Research may be in any of the following areas: Neuroscience, (lipoprotein metabolism, thrombosis, vascular biology), or Oncology. The program will award a maximum of 20 grants for FY 2000 with the potential of funding for 2 years. Awards are \$50,000 per year with the potential for funding 2 years (total: \$100, 000). Announcement of the award recipients will be made on or before June 1, 2000.

31. 37150

Department of Health and Human Services

Deadline: May 1, 2000

Economic Evaluation in HIV and Mental Disorders Prevention

Phone: (301) 594-1357

The Agency for Health Care Policy and Research encourages applications for the support of research on the economic evaluation of either planned or completed studies of preventive interventions aimed at HIV/STDs, mental disorders, or dual diagnoses. Included are studies to prevent the spread of HIV/STD, help people cope with disease, or obtain health care or treatment of HIV/STD-related problems. The purpose of this Program Announcement is to encourage investigator-initiated research on cost-benefit, cost-effectiveness, and cost-utility analyses of both primary and secondary preventive interventions that are universal (targeted to the general public), selective (targeted to a subgroup whose risk is higher than average), or indicative (targeted to those who already have signs or symptoms, e.g., STDs).

University of California, Berkeley  
Summer Undergraduate Program in Engineering  
Research at U.C. Berkeley

Deadline: February 16, 2000  
Phone: (510) 642-1734

The Summer Undergraduate Engineering Program in Research at Berkeley offers outstanding underrepresented undergraduate engineering students the opportunity to gain research experience by participating in research projects with engineering faculty and graduate students. Upon completion of this program students will be better prepared and motivated to attend graduate school. SUPERB is targeted to students of color, first-generation college students, or educationally disadvantaged students. SUPERB awardees will spend eight weeks on UC Berkeley's campus during the summer to work on a research project in their area of interest. Each participant will have a faculty and graduate student mentor who will supervise his or her work and provide guidance.
