Copying iPad Videos to Your Computer

Step 1 - Connect your iPad to your computer. Open up iPhoto. You will see your iPad connected to iPhoto.

Step 2 - Create an album in iPhoto. You will see the album show up under "Albums." Drag your videos to the new album you create.

Step 3 - After you copy your images to the new album, select "Keep Photos" so you can keep your videos on your iPad as a backup.

Step 4 - Select the videos or images you want to export and choose "Export" from the file menu.
