TUTOR BIOS

Naris Barmaksezian
Nice to meet you! My name is Naris Barmaksezian, and I am the current Psi Chi president. I am a senior from Del Mar, CA, who is majoring in psychology and minoring in communication studies. After completing my bachelor's degree, I plan on pursuing both a PhD in Clinical Psychology and a masters in Social Work. One of my favorite classes at USD has been Abnormal Psychology with Dr. Villalta. This course helped me decide that I would love to specialize in working with children who have behavioral differences and developmental concerns, such as autism. I look forward to meeting everyone virtually! :)

Palak Shah
Hi everyone, my name is Palak, I'm a senior studying Behavioral Neuroscience with a minor in computer science and I'm the VP of Psi Chi! My hometown is San Jose, California but I'm currently in San Diego. After graduation, I plan to take a gap year in hopes to get more experience with research and also apply to PhD programs for neuroscience. My favorite class so far has either been Genetics with Dr. Bird or Neuroscience of Sleep with Dr. Galvan. I hope to see you guys in tutoring :)

Grant Wu
Hi my name is Grant Wu, I am a junior majoring in Psychology with a minor in philosophy. After graduating I want to pursue a Masters in Industrial/Organizational Psychology. I'm interested in the aspect of improving corporate processes and increasing workplace health and productivity. My favorite class so far has been Research Methods with Pearlberg. Definitely one of the more challenging classes, but I did learn a lot. Looking forward to meeting with you soon.
Marissa McMeel
My name is Marissa McMeel and I am currently a senior from Phoenix, AZ. My favorite things to do are hiking and gardening. I plan to attend a Master's in Nursing entry program following graduation from USD. My favorite class so far has been Developmental Psychology: Childhood and Adolescence. I look forward to meeting and tutoring fellow students!

Kelly Molloy
Hi! My name is Kelly Molloy. I am a senior who is majoring in Psychology and double minoring in Spanish and Political Science. After USD, I plan to pursue a graduate degree in Developmental or Clinical Psychology! My ultimate goal is to work with kids that struggle with mental health. My favorite class so far has been Child Development Psychology with Dr. Molitor!

Lauren Hannaway
Hi! My name is Lauren Hannaway and I’m a senior majoring in psychology and minoring in Italian. I’m from Greenwood Village, Colorado and after graduation I hope to be a Young Adult fiction author and later a marriage counselor. My favorite psych class I’ve taken at USD is biopsych, but my absolute favorites were child development and abnormal psych (both taken abroad in Rome). Fun fact about me: I volunteered at the Denver Zoo for 5 years.
