USD COMMUNITY ENGAGEMENT - PROJECT REGION

■ International ■ Local ■ Regional-Domestic

In USD's Documenting Community Engagement survey, representatives from various departments, schools, and programs on campus shared the many ways their students, faculty, and staff engaged in the local and global community during the 2016-2017 or 2017-2018 academic year. The University Assessment Committee and the Mulvaney Center for Community, Awareness and Social Action formalized the data collection process in 2012 and are proud to share USD's commitment to the international, local, and regional-domestic community in the areas of economic development, education, social justice, and wellness. Additional data are shared on the [Mulvaney Center for Community, Awareness, and Social Action website](#).
