

Michèle Magnin, Ph.D.

College of Arts and Sciences, Professor of French

Michèle Magnin has been the driving force behind the success of USD's Paris program for many years now, leading many USD students in Paris each summer and providing support for faculty. She assists colleagues teaching in Paris every step of the way, from the conceptualization of the course, organizing unique field trips, mentoring faculty and students, and making sure that the Paris program delivers the best possible cultural experience. The Paris program has created a learning opportunity for faculty not experienced with incorporating experiential global learnings in their courses through her mentorship. Dr. Magnin shows a strong commitment to USD's internationalization initiatives in several other ways. She has been an active participant in the International Center's International Study Abroad Committee. She is also responsible for bringing many international events to campus, and her research demonstrates her deep commitment to the internationalization of USD's curriculum.
