MENTOR COLLECTIVE

Join the Mentor Collective: A Collaborative Alumni & Student Community

The Mentor Collective program at the University of San Diego (USD) School of Law enhances the student experience by linking students with an alumni mentor to offer career guidance and support, facilitating an exchange of ideas and insights between experienced professionals and the next generation of leaders. Mentorship is incredibly rewarding for all parties, offering mentors a chance to develop their leadership skills and share in the successes of their mentees.

USD Law is recruiting alumni who graduated between 2014-2022.

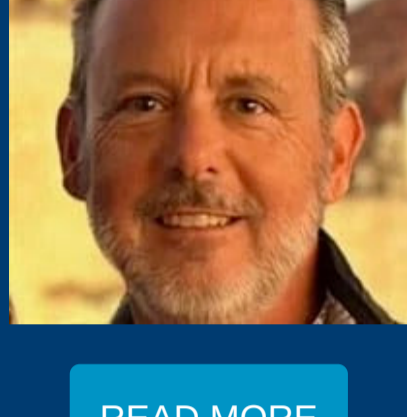

We hope you will take this opportunity to help foster the professional development of the next generation of USD attorneys and support USD Law!
