Join the Mentor Collective: A Collaborative Alumni & Student Community

USD Law's [Mentor Collective](#) links alumni mentors with current students. The online mentoring program helps students continue to learn outside of the classroom with trained attorneys. Alumni guide students through strategic career planning and professional development, assisting with the transition from the law school experience to practicing law. We are actively recruiting alumni who graduated between (2) to (15) years ago—the class years between 2010-2023.

This is your opportunity to help foster the professional development of the next generation of USD attorneys.

Fueling Success: Law Firm Challenge Teams Strengthen the USD Student Journey

There's truly nothing like the incredible support USD School of Law students receive from our dedicated alumni and their law firms! Students rely on alumni for guidance, mentorship, employment opportunities, scholarship support, and fellowships. The [Law Firm Challenge](#) offers a dynamic way for alumni to unite within their firms, engage in a friendly competition, and collectively support the law school's most critical needs. Through their generosity, participating law firms and alumni play a vital role in strengthening the school's reputation, advancing its national rankings, and empowering student success. Amazing work — thank you!
