LRC Week 7 Training
Introduction to Legal Research
Part 2
What we will cover

● Using Key Numbers to find other relevant resources

● Finding and using caselaw on Westlaw and Lexis
  ● Natural language searching
  ● Using filters

● Citators – making sure the law you’re using is still valid

In-class research problem: Medical marijuana
Calvin is a resident of San Diego and suffers from chronic back pain. He has a valid medical marijuana card and often smokes in the morning to alleviate the pain. His employer routinely administers drug tests. Calvin is worried that he could be fired for failing a marijuana drug test even though he has a medical marijuana card.

- What is California’s law regarding medical marijuana?

- Should Calvin be worried about failing a drug test even though he has a medical marijuana card?
