Subcommittee Chair Updates
● Economic Development
  ○ Agreed to support the Economic Development tour to raise Linda Vista’s profile for investors to see the potential and strengths of the community
Tentative date is mid-May

- **Education**
  - Will continue the work started by the education think tank a couple of years ago
  - Will focus on family and community engagement in education
    - Looking for ways to creatively engage families at a deep level to treat schools as community gathering spaces

- **Immigration**
  - Short term goals: Information dissemination; provide support for mental emotional needs; meeting with border patrol
    - Already started to implement
  - Intermediate term goals: Establish an ally network of service providers; shift immigration service deliveries to safe spaces
  - Long term goals: Secure access to jobs and higher education

- **Health/wellness**
  - Will continue to build membership for the committee
    - Will recruit from Nursing school, business school, Sharp, Mary Birch Hospital
  - Engaging K-12 and family health
  - Survey health and wellness needs in the neighborhood

### 2018 Agenda

- Support of Linda Vista Economic Development Tour
- Deepening Family Engagement in K-12
- Series of trainings in support of immigrant community
- Engage hospitals in the health/wellness subcommittee and increase membership
- Provide space for Community/Neighborhood Reconciliation
  - Noel Musicha and Chris Chadwick will convene a response team for reconciliation and healing around relevant neighborhood issues and dynamics
- Consider creating Arts and Culture subcommittee

### University Update

- Community outreach
  - Rethinking financial aid packages to reach more low income students
- USD’s values
  - Reflecting on how USD is perceived as an Anchor Institution
  - Reflecting on how our campus reflects Linda Vista
- USD focus on people and place
  - Major renovations on campus facilities
  - Designing environment according to how students experience learning
  - Fair compensation for staff/faculty
  - 20 million dollar gift awarded to the School of Business

### Anchor Dashboard Learning Cohort and Collective Impact

- The “Anchor Community Benefit Dashboard” created by the Democracy Collaborative establishes indicators of community impact across areas including economic development, education and health.
- USD joined a Learning Cohort of 20 Universities across the country that will develop shared best practices to measure impact in their communities using the anchor dashboard.

### Mulvaney Center Update

- New Webpage includes Anchor tab with meeting notes and agendas
- Two types of MOUs currently in place with community partners:
- Collaboration agreement: emerging partnerships
- Anchor partnership:
  - at least 5 years of partnership
  - serves Linda Vista, Barrio Logan, City Heights and/or Tijuana
  - year round engagement of students and faculty from at least three different departments
  - These MOUs include access to office space on campus as well as discounted event space
