

**University of San Diego
Hahn School of Nursing and Health Science
PHDN 693b Teaching Residency**

Name:

Project Title:

Number of Units: _____ To be completed during the _____ semester.

Description of Proposed Residency:

This residency is intended to enhance my teaching abilities through learning various techniques and methodologies under the mentorship of Dr. _____. The academic considerations involve the participation of creating the course syllabus, gathering required materials, and learning from interactions with my mentor and the graduate nursing students. In addition, I will discuss with the mentor how to adjust the course based on students' needs. Some of the important topics to include in this course are as follows:

Description of materials, resources, and methods to be employed:

Objectives:

Methods of Evaluation:

Feedback and written evaluation from the professor.
