## Outcome Name | Outcome
--- | ---
Analysis | Students will analyze music through writing and symbolic means including harmonic and structural techniques and historical, political and social contexts.
Application & Proficiency | Students will become proficient in the basic vocabulary of music and its application to diverse historical and cultural contexts and to aural analysis.
Composition & Arrangement | Students will be able to compose basic musical progressions, arrange music for different instrumentation, and create original works in different media.
Rehearsal & Performance | Students will rehearse music to performance level and perform it in a stylistically appropriate and professional manner.

### Assessment Measures

Student learning in the Music BA program is assessed using direct measures, such as: presentations, course/program examinations, juried reviews, or capstone assignments/projects. Collectively these measures allow us to determine the level and quality of education attained by our students.
