Testimonial by a 2014 Graduate on Factors Most Important to their Overall Satisfaction with the Multiple Subject / Single Subject Credential Program:

"The factor that contributed most to my satisfaction with the program was the relationship with the faculty. I felt that all of my professors were there for me, wanted to help us reach our goals and were always there with an open ear to listen during a lot of stressful moments. I had professors who helped me with job interview lessons and listened to us when we felt stressed about particular assignments. I know, coming out of USD, that the faculty truly wanted me to succeed in my future teaching career."
