

Mentoring Program	Description	Contact
Center for Peace and Commerce: Social Innovation Mentorship  U	Individuals and teams participating in the Social Innovation Challenge will automatically be matched with a mentor upon qualifying for the semi-final round. The purpose of this mentorship opportunity is to create collaborative relationships between San Diego's professional community and students. Mentors will guide students in their learning process as they compete in the Social Innovation Challenge. Students will seek mentor support for improving a proposal, articulating it clearly and convincingly, and demonstrating a capacity to implement the project within a time frame.
